H&M overview

March 2026

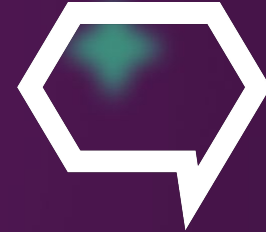

Presentation from H&M

- Walk through of performance data
- Whats next?

Business Goals

Your Business Goals!

Please can we have 2025 volumes :)

**Cost
savings**

**\$2.4M
per year**

Assumption
that the
average
cost per
contact is
\$5

**Contact
reduction/
Efficiency
gains**

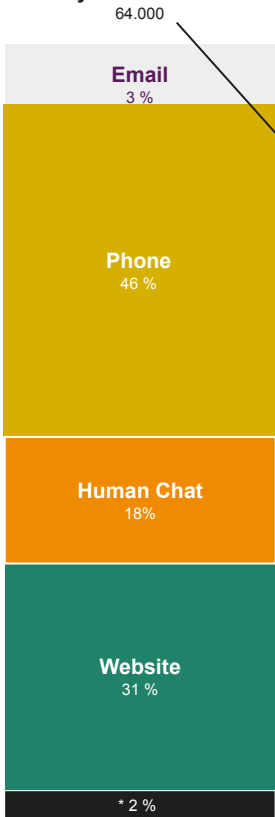

**480,000
per year**

40k per
month

Automation Potential (Illustrative)

Please can we have 2025 volumes :)

Monthly Customer Traffic*

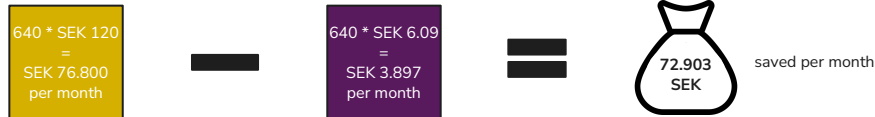

Cost per interaction

Global fashion industry

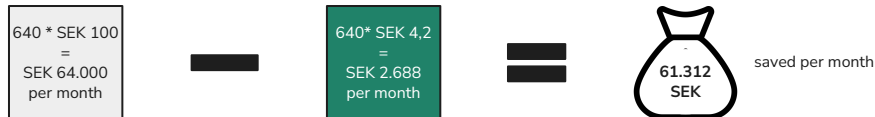

1 % =
640 inquiries

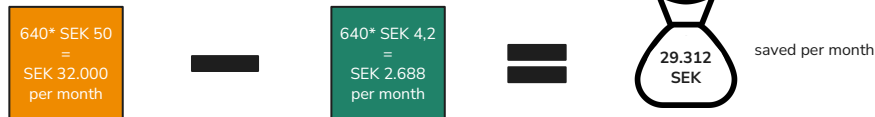

Moving 1 % from Phone to Voice Automation

Moving 1 % from Email to Chat Automation

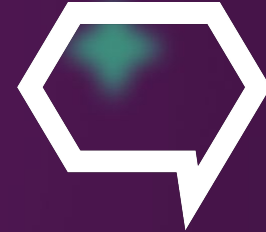

Moving 1 % from Human Chat to Chat Automation

* Inquiries in chat that are not escalated or automated

** Assuming 3 min avg. voice call

Professional Services & Success planning

How have we done so far and where are we
in the game plan?

ROI

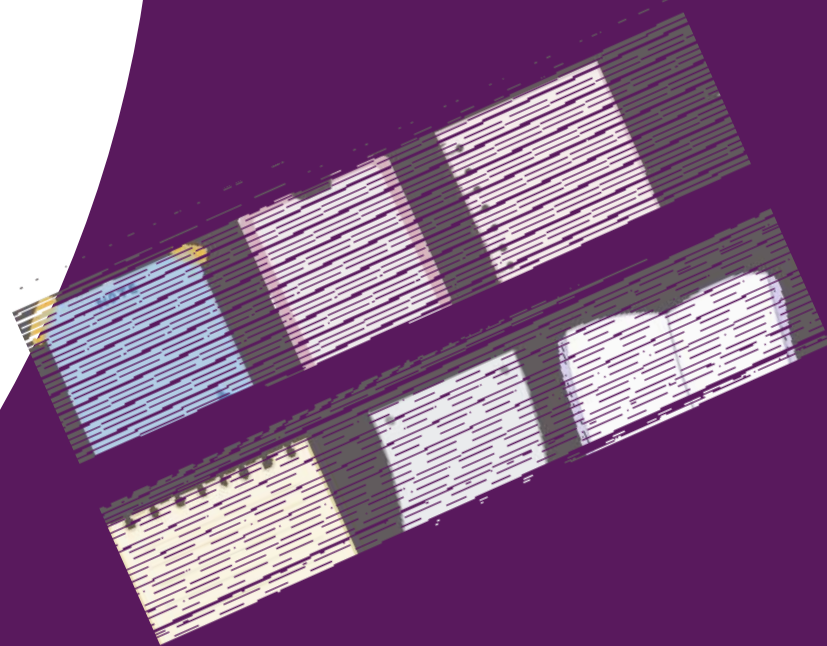

What are we doing this year? (Workshop)

Follow meeting March 18th.
To make decisions on the ideas.

1. Each participant writes down their ideas, needs, or tasks related to the topic on Post-it notes. One idea per Post-it.
2. For the ideas that become a project, the team discusses and agrees on:
 - **Scope:** What is included and what is not
 - **Time:** Estimated hours and overall timeline
 - **Quality:** What “good” looks like and required standards

The outcome is a shared understanding and clear direction on: Priorities, Effort required, Timeline and delivery expectations

Product update - Clay
